Re: Authorized Gaming Operators' use of Official NBA Data in the United States

To whom it may concern,

As an Authorized Data Distributor of the National Basketball Association (NBA), Sportradar has been notified by the NBA that only Authorized Gaming Operators of the NBA are eligible to receive the NBA Official Data Feed for use in jurisdictions where sports betting is legal and regulated in the United States of America.

Sportradar has been notified that as of 11:59 PM EST on May 28, 2019, all Authorized Data Distributors must cease providing to you NBA Official Data for use in the United States unless and until you are an Authorized Gaming Operator of the NBA. This will not affect any other services and/or data feeds provided to you by Sportradar.

Please notify us if we are incorrect in such classification of your status or your status has changed.

Kind Regards,

NBA Authorized Data Distributor
